# MAGGIORANA

## Una cucina ricca di ispirazioni naturali.

MAGGIORANA

prende spunto dagli steccati degli orti di una volta,  
per creare un ritmo regolare di pannelli in legno di olmo.

Un concetto che affonda le sue radici nella memoria, trasportando  
nella casa contemporanea il calore domestico  
e la naturale raffinatezza della tradizione italiana.

design Bruna Vaccher

A kitchen packed with  
natural inspiration.

MAGGIORANA  
takes its inspiration from  
old-fashioned garden fences,  
to create a regular pattern of  
elm wood panels.  
This concept rooted in  
memory brings traditional  
Italian warmth and natural  
elegance to the modern  
home.

Una cocina profundamente  
inspirada en la naturaleza.

MAGGIORANA  
imita los cercos de las  
huertas de antaño para  
marcar un ritmo regular de  
paneles de madera de olmo.  
Un concepto que ahonda  
sus raíces en el pasado,  
infundiendo en el hogar  
moderno la calidez  
doméstica y la elegancia  
natural de la tradición  
italiana.

Une cuisine riche en  
inspirations naturelles.

MAGGIORANA  
s'inspire des palissades  
des potagers d'antan, pour  
créer un rythme régulier de  
panneaux en orme.  
Un concept qui puise ses  
racines dans la mémoire, en  
transportant dans la maison  
contemporaine la chaleur  
domestique et le raffinement  
naturel de la tradition  
italienne.

Inspirations aus der Natur  
für Ihre Küche

MAGGIORANA  
nimmt das Muster der  
Holzzäune auf, die früher die  
Gärten umschlossen, um mit  
Holzplatten aus Ulmenholz  
einen regelmäßigen  
Rhythmus zu erzeugen.  
Ein Konzept, das Gestern und  
Heute geschickt verbindet  
und einem modernen  
Zuhause die Wärme  
und natürliche Eleganz  
italienischer Wohntradition  
schenkt.

Кухня, насыщенная  
натуральным вдохновением.

MAGGIORANA  
идея, возникшая на основе  
существовавших когда-то  
изгородей огородов, для  
создания регулярного ритма  
панелей из вяза.  
Концепция, корни которой  
ходят в прошлое, перенося в  
современный дом домашнее  
тепло и натуральную  
изысканность итальянской  
традиции.

### LE FINITURE

I materiali utilizzati dalla nostra azienda sono selezionati tra i più affidabili per applicazione e resa estetica. Nonostante questo devono considerarsi tollerabili alcune differenze dovute alle caratteristiche stesse dei materiali come essenze naturali, vetri, laccature e all'artigianalità di alcune fasi del processo produttivo che da sempre è un nostro valore aggiunto. Inoltre alcune finiture possono subire nel tempo maturazioni dovute all'azione della luce e del tempo. È importante quindi specificare se nell'ordine vi sono sostituzioni o completamenti per valutare insieme il miglior modo di procedere. Le tonalità di colore e le finiture illustrate vanno considerate puramente indicative. Verificare sempre la fattibilità dell'abbinamento finiture consultando l'interno del listino.

### FINISHES

The materials we use are selected among the most reliable products in terms of application and aesthetic rendering. Despite this, certain differences due to the very characteristics of materials such as natural wood finishes, glass and lacquers must be considered tolerable, as well as the hand-crafted nature of certain phases of the production process, which has always been one of our added values. In addition, some finishes may change over time, due to the effects of light and time. It is therefore important to specify whether there are replacements or completions in the order to assess the best way to proceed together. The finishes featured in this sample collection are purely indicative and are not available for all products. Please check in the price list if the finish is available for the chosen item. Orders will not be accepted for products with finishes not included in the price list. The colour shades and finishes illustrated herein are to be considered purely indicative. Always check the feasibility of finish combinations by consulting the price list contents.
